I feel certain these premises will be used as a club. Applicants are again being instructed to apply for a club license. Registration as an Association will not be permitted until we are thoroughly satisfied that club facilities will not be provided.

With reference to the attached application of the San Sing Club (三新娛樂部), Room 303B, 421 Kiangse Road, for registration, enquiries show that it is an organization sponsored by the management of the Mou Sing and Foh Sing Flour Mills and the Sung Sing Cotton Mill, for the entertainment of employees at their combined head office at 421 Kiangse Road. Some 50 employees are members, paying a monthly membership fee of $1.00 each. The balance of expenses are defrayed by the management.

This organization comprises two sections, namely, the Peiping Drama Section and the Library.

At present it has no ping-pong and other club facilities but intends to establish a ping-pong section in the near future. In this connection, Yung Shiao Fan (榮孝範), applicant, was on July 17, 1940, instructed that should club facilities be introduced, he must apply to the S.M.C. Revenue Office for a club licence. On learning this, he stated that the project of introducing ping-pong would be abandoned, and that he would change the name to "San Sing Dramatic Society".

At 3 p.m., May 21, a meeting was held by the Shanghai Municipality Torchlight Bulb Factory Workers' Lien Lyi Society, Lane 150, 18 Burkill Road, in the Tien Kung Theatre, 377 Ya Ya Ching Road. Approximately 600 workers of the trade attended, 300 of whom are reported to have joined the society. CHING WEI PAO (金惠寶), one of the promoters, presided over the meeting, at which an election of committee members was held and membership fees of $1.00 each were collected. A sum of $130.00 was raised. The meeting concluded at 5.45 p.m.

During the meeting, two Japanese in plain-clothes accompanied by a male Chinese attended. It is learned that one of the Japanese attending was T. FUJII (藤井武男), who is connected with the Japanese Military Police, while the other claimed to be a member of the S.M.P. The Chinese member of the party was NYI SZE YUNG (倪炘熔), who claimed to be an employee of the 3rd department of the Bureau of Social Affairs of the Shanghai City Government, and before his identity was known, delivered a speech in which he urged the workers to obey the instructions of the society. Speeches were also made by several workers in support of the organization.

that the Japanese and the member of the Bureau of Social Affairs [illegible] were not invited by the society. He could not give any reason for those people being present, but had a suspicion that certain unruly elements of the torchlight bulb trade were opposed to the society and those people attended on their invitation. CHING added that at about 10.30 a.m. May 21 two Japanese in plain-clothes visited the offices of the society when he was absent but left a few minutes later, as no responsible person was present. He did not know the purpose of the visit.

Discreet enquiries, however, show that certain members have the intention of soliciting the support of LYI SZU YING, member of the 3rd department of the Bureau of Social Affairs in order to counteract possible activities of the employers of the trade against the society.

With reference to the attached application from the Shanghai Municipality Torchlight Bulb Factory Workers' Lien Hui Society, (上海市電筒業工友聯誼會) Lane 150, 18 Burkill Road, for registration, enquiries reveal that the association came into existence on April 6, 1940 under the auspices of the following promoters:

(1) Tang Chia Kung (陳嘉鏞), age 23, native of Kingtan, Kiangsu, worker of the Min Foong Bulb Factory, 5 Poh Hong Li, Lyburgh Road.

(3) Ming Wei Fao (金惠寶), age 24, native of Soochow, worker of the Yuan Hong Bulb Factory, 395 Sze Wen Li, Sinza Road.

The object is to promote friendship among members. It is the scheme of the promoters to render relief to those member workers when unemployed and afford free medical treatment to the poor with the membership fees to be collected after the inauguration of the society. It estimates that there are some 1,000 workers in the employ of local bulb factories and claims to have 54 workers registered with the organization. Each member is required to pay $1.00 per mensem.

SUBJECT: Shanghai Municipality Hosiery, Finishing, Dyeing and Ironing Trade Association - requesting Police protection to member factories

Reference the attached letter dated April 14, 1941, addressed to Special Branch Headquarters, from the Shanghai Municipality Hosiery, Finishing, Dyeing and Ironing Trade Association, 429 Ze An Li (慈安里), Tientsin Road (registered with S.M.P.), enquiries elicit that approximately 750 workers in the employ of some 22 stocking dyeing factories in the Settlement and French Concession who declared a strike at 10 a.m. March 25, in order to enforce demands for an increase of 50% in wages and half picul of rice per mensem, are still out at present (mentioned in Police daily Intelligence Reports) despite negotiations conducted among the employers and employees themselves, whereby the former have consented to grant the latter an increase of 40% in wages and a rice allowance of $30. The workers have, however, insisted on their demands and up to the present, no solution appears to be available.

In view of the fact that the workers have been on strike for more than twenty days, it is now the unanimous intention of the managements of the eleven factories located in various parts of the Settlement, to discontinue supplying free food to the strikers, should they fail to resume work on April 17.

The object of the present appeal is, therefore, to solicit police protection, commencing from April 18, in view of the fact that the strikers, at the instigation of professional agitators, may become

Translation of a letter dated April 14, 1941 addressed to the Special Branch Headquarters by the Shanghai Municipality Hosiery, Finishing Dyeing and Ironing Trade Association.

Sir,

Last year, the workers of the Ironing Department of all factories of the Shanghai Municipality Hosiery, Finishing Dyeing and Ironing Trade Association were on three occasions granted an increase in their pay, the last increase being granted in November.

In March this year, the workers further demanded an increase of 50% in their pay and half picul of rice per mensem. As the price of all raw material is high, the prices of rice and coal have several times doubled, and owing to business depression, the factories can hardly bear the heavy burden, but we, knowing the hardships of the workers, wish to grant them an increase of 15%. The workers however went on strike from March 25. Although the Association has several times mediated in the dispute and offered to grant an increase of 40% in pay and a rice allowance of $30, the workers still insisted on their demands and up to the present no solution has been reached.

Some agitators amongst the workers spread rumours and threatened that they would smash the machinery. The workers are all being instigated by agitators, and this will affect peace and order. The strike now has been carried on for 20 days. The capital of all the factories being limited, they can hardly supply more provisions to the workers. If the workers fail to return to work on April 17, the factories will stop supplying them with food. For fear that the workers will damage the machinery and implements, all the factories have entreated the association, (429 Sze An Li, Tientsin Road) for relief.

We therefore request the Police to despatch some

officers to all the factories as from April 18, for protection and in order to prevent any incident.

The Shanghai Municipality Lumber Hong Owners' Association (上海市木材業同業公會), Lane 305, House 14 Fokien Road, is conducting registration of lumber stocks in possession of the various dealers. According to the association, instructions were received on February 26, 1942 from the Japanese Special Service Department (特務機關), 6 Great Western Road, ordering it to supply some 2,500,000 feet of different kinds of lumber. On March 1, 1942, similar instructions were received from the 1st Financial Department of the Japanese Naval Authorities (第一海軍經理部), requesting the supply of 1,300,000 feet of lumber. Following the receipt of these instructions, notices were issued through the medium of the Chinese newspapers, requiring all the traders to register their stocks with the association. As far as is known, approximately 1,500,000 feet of lumber have been collected and the stocks required by the Japanese Authorities will be handed over by the end of March, 1942.

This association has a total of some 210 members and is registered with the Municipal Police, holding the Registration Certificate C-133.

The journal will be of considerable service to the hundreds of Jewish theological students, many of whom understand only Yiddish, who have arrived in Shanghai in recent months.

The new paper has close connections with Zionistic news services in Palestine and America and it is believed that the granting of the requisite registration certificate will be of eventual use to the Police.

SUBJECT:

four suitable places in the Foreign Settlements. Each place will supply cooked rice to 1,000 persons, each of whom will be allowed to purchase two catties of cooked rice daily at 25 cents per catty. It is estimated that one "zar" of rice will yield 360 catties of cooked rice.

With regard to the measures of enforcement, it is learned that a person who desires to purchase the cooked rice should first fill in an application form and forward a photograph of applicant to the society, who will then issue a "cooked rice purchasing certificate". With this certificate the applicant may go to the designated place at the times specified to buy the quantity of cooked rice allowed. The period of the cheap sales is temporarily fixed at one month. After its expiration, there may be an extension and/or a change in the number of purchasers.

If the cooked rice is to be sold at the above-mentioned price, namely, 25 cents per catty, it is estimated that the society will suffer, at each selling place during the one month of cheap sales, a loss of some $12,310, or a total loss of $49,240 from all the four selling places. This total loss, when added to the $1500 estimated overhead expenses of each selling place, will bring the total to approx. $55,240.

The Chung Hwa Relief Association is said to have rented the following places for the aforementioned function:-

(1) Lane 849/300 Seymour Road.

(2) Dah Wong Miao (大王廟), North Chengtu Road
